

CAREER OPPORTUNITY

Two Rivers Platinum Mine is a joint venture between African Rainbow Minerals (ARM) (54%) and Impala Platinum (46%) and is managed by ARM. The operation is situated on the farm Dwarsrivier on the southern part of the eastern limb of the Bushveld Complex some 35 kilometres south-west of Burgersfort in Limpopo, South Africa.

Chief Mine Planner
Grade: DU
Reference no: MRM/17/25 (Internal / External)

PURPOSE OF THE JOB

To lead and manage the mine's planning function by developing and maintaining strategic, long, medium, and short-term mine plans that support safe, sustainable and profitable underground mechanised mining operations.

REPORTS TO

MRM Leader

MINIMUM QUALIFICATIONS

- BSc / BEng / BTech in Mining Engineering or NQF Level 7 qualification in Mineral Resources Management
- Professional Registration: ECSA or COM Certificate of Competency (advantageous)
- Software Proficiency: Deswik, Mine2-4D, Datamine, AutoCAD, Microsoft Office Suite

MINIMUM EXPERIENCE

- 8 years in underground mine planning, with 3–5 years in a senior or lead planning role
- Strong exposure to mechanised underground mining systems (e.g., long-hole stoping, trackless mining)

COMPETENCIES

- Expert knowledge of underground mine design and planning standards
- Strong understanding of South African mining legislation and regulatory frameworks
- Technical leadership and people management skills
- High level of planning discipline and attention to detail
- Strong communication, interpersonal and cross-functional collaboration

JOB RESPONSIBILITIES

Strategic & Life of Mine Planning:

- Develop, update and manage the Life of Mine (LoM) plan aligned to the company's strategic goals and Mineral Resource Management policies;
- Integrate geological, geotechnical, ventilation, infrastructure and cost inputs into the LoM plan;
- Provide technical input into annual budgeting, business planning and reserve declarations.

Medium & Short-Term Planning:

- Oversee and coordinate rolling 12-month plans and detailed weekly/monthly production schedules;
- Conduct regular plan vs. actual reconciliations to support continuous improvement.

Mine Design & Optimization:

- Design efficient, safe, and cost-effective layouts for mechanised underground mining, including declines, levels, stopes and infrastructure;
- Optimize production scheduling, equipment deployment, and material handling;
- Ensure mine design integrates with ventilation, backfill, and geotechnical requirements.

Leadership & Team Management:

- Lead, mentor and develop a team of mine planners and mining engineers;
- Set and review performance targets, training plans and development programs;
- Promote technical excellence and knowledge transfer.

Compliance, Reporting & Governance:

- Ensure adherence to Mine Health and Safety Act (MHSA), Minerals and Petroleum Resources Development Act (MPRDA), and DMPR guidelines.

TERMS & CONDITIONS

The successful candidate will be appointed on the condition of being certified medically fit as per the Mine Health and Safety Act 29/1996. Applicants must be prepared to undergo certain job-related assessments, if required as part of the selection process. Credit, criminal and reference checks may be done by the Mine if deemed necessary.

EQUITY STATEMENT

Designated groups will receive preference and in making a final selection, consideration will be given to achieving the Mining Charter as well as the TRP Employment Equity Plan.
